PUBLIC AUCTION.

To be sold, at public auction, at Northumberland court house, in the county of Northumberland, and state of Virginia, on TUESDAY, the fifth day of September next, at eleven o'clock, in the forenoon,

Five contiguous Plantations,

Amounting together to about 2700 Acres, SITUATE on the river Potomac, and within about three miles of the court-house. These estates formerly belonged to Presley Thornton, Esq., and are the same on which he lived. They have never been seen by either of the subscribers; but it is understood, that about 1700 acres of them are as valuable low grounds as any on the river, and a considerable part thereof heavily timbered. The uplands consist of about 1000 acres, and the whole is well calculated for the production of corn, wheat, tobacco, timothy, and small grain of all kinds, in great abundance. The waters are said to abound with excellent sh, oysters, and wild fowl. The water carriage is easy and convenient to Norfolk, Baltimore, Alexandria, and the city of Washington; and as these estates possess several good mill seats, with an abundance of water, and a plentiful supply of timber, they must be very valuable.

The premises will be shewn to persons inquiring to purchase, by Col. James Moore, who lives on them, or by Samuel Blackwell, Esq., who lives near to them; and the terms of payment may be known a sufficient time before the sale, by applying to either of them or to the subscriber in the city of Philadelphia.

TO PARENTS.

The annexed cases of cures performed by HAMILTON'S CELEBRATED WORM DESTROYING LOZENGES.

(Selected from a very numerous list.)

ARE presented as indubitable proof of the excellence and safety of this valuable specific, for destroying worms in the human stomach and intestines.

From Mr. Benjamin Williams, No. 30, Baltimore street, two doors above south Gay-street.

I have a son six years of age, who for four years past, has been generally in a very unhealthy state, particularly in summer; frequently afflicted with alarming convulsion fits, the whole of his little frame wasted fast, his breath foetid, and almost constant itching at the nose was excited, with other alarming symptoms. During the course of the above period, the advice and attendance of three of the most eminent physicians in Baltimore were successively procured. Each of these gentlemen, in his turn, declared worms to be the cause of the child's disorder, and exhausted his skill in attempting to expel them. Pink root, steel filings, with a variety of other medicines, were administered without the least success. It was once pronounced impossible for the child to live many hours.

I had heard of your Worm Destroying Lozenges, but with many others did not think highly of so cheap a medicine, until a gentleman of my acquaintance (Mr. Wm. S. Moore, auctioneer) in whose family they had been used with good effect, advised me to make trial of them; I accordingly gave my son a dose agreeable to directions, which soon expelled eight large worms, some of them about eight inches in length; a second dose brought away four more of similar size; a third dose being administered, no worms appeared. The child recovered and now enjoys a good state of health.

BENJAMIN WILLIAMS.

AFFIDAVIT.

Michael Duffy, residing at No. 47, Walkes street, Fell's Point, in the city of Baltimore voluntarily maketh oath that the following statement is just and true:

In the beginning of May last, my three children, a boy of seven, and two girls the one five, and the other three years of age were taken very ill, nearly at the same time, of a common fever, as I then supposed; but was soon convinced the disorder was caused by worms. They were frequently troubled with convulsion fits, and violent startings in their sleep, and with almost continual vomiting and purging, particularly the youngest. I made immediate application to a physician of the first reputation, and his medicines were administered with a confidence of success, which only increased our disappointment. The children grew daily worse, and I was absolutely without hopes of their recovery. The youngest soon appeared almost devoid of animation, and scarcely an inhabitant of this world. In this distressing moment I was told that Hamilton's Worm Destroying Lozenges had performed many cures in cases equally desperate. I immediately purchased a box, and gave each of them a dose, which in a few hours produced the most desirable effects. The eldest voided a great number of very large worms, and the second thousands of small ones, many of them not a quarter of an inch—in the youngest they seemed to be consumed, and had the appearance of skin and slimy matter. I repeated the dose agreeable to the paper of directions, and they all speedily recovered a good state of health, which they still enjoy, though 5 months have nearly elapsed, since they were on the borders of the grave, and the death of the whole seemed to be inevitable.

J. SMITH.

Sworn before me, this 26th day of September, 1799.

Philadelphia, August 5, 1806.

TO H. LEE.

Some time last spring I was afflicted with loss of appetite, giddiness in the head, fever, and great debility, so that I could scarcely walk. In this distressing situation I took many things, but without benefit. An acquaintance in the country sent me to procure a box of Hamilton's Lozenges. Curiosity prompted me to read the directions, where I found my complaint exactly described by the doctor. I immediately sent for another box of the Lozenges, and took one dose, which brought away a large quantity of worms, and I felt greatly relieved. Encouraged by this, I took another dose, which was attended with the happiest effects, as it relieved me entirely, and am now in a better state of health than for a considerable time past. I have since given them to my children, and can speak from experience, that they are a most valuable medicine, and am happy to add my testimony to numberless others of their efficacy.

SARAH JOHNSON,

No. 140, north Second Street.

Among the symptoms attending Worms are, disagreeable breath, especially in the morning—bad and corrupted gums—itching in the nose and about the seat—convulsions,

epileptic fits, and sometimes privation of speech—irregular appetite, sometime loathing food and sometimes voracious—purging, with slimy and foetid stools—vomiting—large and hard belly—pains and sickness at the stomach—pains in the head and thighs, with lowness of spirits—slow fever, with small and irregular pulse—a dry cough—excessive thirst—sometimes pale and unhealthy countenance, and sometimes the face bloated and flushed.

Persons afflicted with any of the above symptoms, should have immediate recourse to Hamilton's Worm Destroying Lozenges, which have been constantly attended with success in all complaints similar to those above described.

Prevention better than Cure.

In cases of head ache, foul stomach, and for removing superfluous bile, perhaps no remedy has been discovered superior to LEE'S HAHN'S ANTIBILIOUS PILLS, Which for 10 years past have been attended with the greatest success. The testimony of many respectable persons in our southern sea ports has been adduced who have reason to believe that a timely use of this salutary remedy during the prevalence of malignant fevers, has preserved their health after experiencing alarming symptoms of fever.

Certificate of Wm. Devenny.

During the last nine years I have been in the habit of using Hahn's Antibilious Pills, prepared by the late Mr. Lee, whenever colds, head ache, or costiveness have rendered medicine necessary; in these cases a single dose has uniformly removed my head ache, and has generally been found sufficient to remove every symptom of a cold, if taken on its first appearance. Induced by the benefit I have received, I have for years past recommended them to many of my friends, and I have the pleasure to inform you, they have invariably succeeded in removing the above complaints.

Yours,

WM. DEVENNY,

Domestic Manufactures.

THE subscriber proposes erecting at the Centre Mills, near Alexandria, a Machine for carding Wool, and expects to have it ready to run by the 30th of the present month. It will card the wool and form it into rolls for the spinning wheel, or into batts for hatters, or other purposes. The advantage of having wool prepared by these machines for the purpose of manufacturing into yarn over that which is carded by hand, is generally acknowledged, as being the cheapest and most perfect in its operation. Those persons who may incline to give encouragement to this establishment, may depend on the utmost punctuality as to time, and unremitting attention in the execution of the work. The wool when carded into rolls will be packed in such manner as to preserve it in the most perfect state for spinning, and may be transported any reasonable distance without injury. Wool, sent to the carder, must be clean washed, clear of burrs, small sticks or other extraneous matter, and assorted in such manner as may suit the owner; and each quality shall be kept separate. The expense of carding will be eight cents for that which is made into rolls, and five cents for batts per lb. payable at the time of delivering, or payment will be received in wool of good quality at 40 cents per pound, as may suit the convenience of the owner.
